

## Asperger Adult Group Sydney North

An Asperger educational/support group for adults is held on the upper North Shore in Sydney.

This group commenced in June 2009. The aims of the group are mutual support and skills learning, guided by Jeroen Decates, who has many years experience with Aspergers across the spectrum, gender and age range.

Some comments from group members:

*"The group provides an opportunity to compare experiences as the AS experience is rather unique for everyone. It provides a forum to discuss common issues and to gain more understanding."*

*"We learn how others have similar life experiences to us, and how they deal with those experiences"*

The group is held in my clinic in Wahroonga on a monthly basis on Saturdays from 2 PM to 3.30 PM. The cost for the group session stands at \$50.= per session per person. An initial interview is required before attending.

For bookings email Jeroen Decates on [info@jdpsy.org](mailto:info@jdpsy.org)
